

*Athletics & Running:
for everyone, forever*

Making Strides in Schools

Schools Strategy

- No 'one size fits all' approach either in education or in the development of young athletes. It is a landscape rich for innovation on a local or regional scale
- England Athletics working in partnership with various organisations e.g. YST, ESAA, Sport England, afPE
- A smooth transition into a supportive club environment
- Links to Athletics 365 including teacher education
- Competition pathways

Regular Running - Groups

RunTogether

England Athletics in London & the Run! project

- Pilot work with various boroughs e.g. Barnet, Enfield, Harrow, Islington
- Specific support for implementation i.e. Barnet “Mayors Golden KM Challenge”
 - 14 Schools
 - 1,500 Children
 - Middlesex University M&E
- Partnership work
